"THE ROCKY MOUNTAINS"

Part II

AUG 13 1921

MAIN TITLE: Produced by Ford Motion Picture Laboratories

Released through Fitzpatrick & McElroy

Copyrighted 1921 by Ford Motor Company

SUB TITLES

1. Where the Royal Gorge of the Arkansas is very narrow a railroad bridge hangs from the rocky walls over the river.
2. Even with many deep valleys or gorges, vast sums have been spent for highways across the Rockies.
3. Ninety valley glaciers are found in the Glacier National Park.
4. Glacier National Park with beautiful lakes, rugged peaks and massive mountains is the Switzerland of America.
5. Old Faithful is the largest geyser in Yellowstone Park.
6. Yellowstone Park is larger than the State of Delaware. Its seventy geysers or water volcanoes are due to former volcanic action.
7. Long's in Rocky Mountain Park is 14,266 feet and is one of thirty high peaks in Colorado.
8. On the crest of the Rockies, it is too cold for timber to grow. Note the size and kind of trees at the timber line.
9. The wild animals of the Rockies are now protected in their natural home. Thousands of bison once roamed the Foot Hills. This buffalo is one from the few remaining herds.
10. In the north the caribou and the Rocky Mountain goat are common.
11. Elk and deer are common in the Yellowstone Park.
12. The black bear is more plentiful and better acquainted with us than any of the other wild animals of the Rockies.
13. The eagles select the highest cliffs for their nests.
14. The porcupine is common in the timber slopes.
15. This small animal is respected. Do you see why?
16. On some of the remote streams, beavers are busily at work.
17. Mining of precious metals is the chief industry in the Rockies. Silver and gold are mined at Leadville and Cripple Creek.
18. Butte is the copper city of the world.
19. Streams are dammed in the narrow places to store water for irrigation.
20. Water from the melting snows is held in these great reservoirs and in the dry summer great areas are made to blossom and bloom.
21. Denver is the metropolis of the Rocky Mountains. It has grown from a supply camp for mines to the capital of Colorado.
22. The Capitol steps in Denver are just one mile above the sea. The clearness of the air enables one to see mountain ranges fifty to one hundred miles distant.
23. Early pioneers and trappers came across the plains to Denver. The top figure is the famous western guide, Kit. Carson.

OVER.

24. Colorado Springs is a noted health resort in the Foot Hills.

25. Santa Fe, in the southern part of the Rockies, is an old Spanish city.

26. The oldest church in America was founded at Santa Fe in 1541 by the Spanish before the Pilgrims came to Plymouth.

27. Manitou is a small mountain resort at the base of Pike's Peak. The cog railroad to the summit of this peak begins here.
